TERMS & CONDITIONS

- Lease example: Launch X-431 Turbo II – Offer price £2,075.00. 5 Year lease plan: Advance rental £47.71 + VAT, followed by 59 payments of £47.71 + VAT, weekly equivalent £11.01 + VAT. Set up and document fees apply, please ask for details.
- All lease rental prices shown are weekly equivalents assuming advance rental, equivalent to 1 month's rental and all subsequent rentals payable monthly.
- Lease figures may vary according to status and are for illustration purposes only.
- All lease transactions are subject to a documentation fee.
- All prices shown are subject to VAT and subject to status.
- All offers are subject to availability and applicable to UK mainland only, certain postcodes may incur an additional delivery charge.
- All offers available until June 30th 2024, prices and specifications subject to change without notice.
- E and OE
- Any additional costs incurred concerning LOLER, PUWER and BS7980 regulations are the customer's responsibility.
- Installation is to a prepared site, excluding electrical installation. Please make sure your site meets the requirements for the equipment purchased, such as floor quality, concrete depth, power supply and access. If in doubt, please contact your local branch or the supplier.

BALL JOINT SEPERATOR-IMPACT NUT SET

- Impact nut thread sizes include: M10 x 1.5, M12 x 1.25, M12 x 1.5, M14 x 1.5, M14 x 2.0, M16 x 1.5, M16 x 2.0 and M24 x 1.5.
- Also includes: 1 x air hammer taper punch.
- Suitable for the removal of ball joints and drive shafts.
- Time saving over the traditional scissor type ball joint breakers.
- Designed for use with an air impact hammer, such as Part No. 6031.

44760-WW

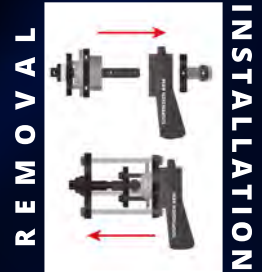

WHEEL BEARING REMOVAL & INSTALLATION KIT FOR REAR BEARINGS ON CITROËN/PEUGEOT/VAUXHALL/OPEL VAN

Specially Designed For GEN2 OEM bearings without a hole at the centre for easy removal and installation using a screw for fitting. Press on the outer bearing race only for fitting.

Applications
Citroen (2016-onwards), Peugeot (2016-onwards), Toyota (2016-onwards), and Vauxhall/Opel (2019-onwards).

£845.00

4606-WW

DIESEL HIGH PRESSURE PUMP TEST KIT

Essential tool for accurately measuring the high pressure fuel circuit of diesel common rail systems.

Features 2,000bar gauge, pressure relief valve and high pressure flexible hoses.

The kit also includes a set of dummy pump regulator and injector pipe blanks.

Kit allows for a variety of tests to be conducted: Engine cranking/running pressure test.

Maximum pump pressure test.

Pump pressure regulator test.

Injector leakage test.

£449.95

4606-1-WW

Available Separately

5048-WW

COMMON RAIL DUMMY REGULATOR SET

Diagnosis Process

Identify Weak Pump Pressure: Observe low pump pressure.

Regulator Check: Remove regulator from the system.

Bypass and Seal: Select appropriate dummy plug to seal the port.

Pressure Observation: Monitor pressure response.

Results Interpretation

If pressure returns to normal: Regulator likely causing pressure loss.

If pressure remains low: Pump may be defective.

Manufacturer Recommended

Endorsed testing method by high-pressure pump manufacturers.

Kit Contents

Includes 8 diverse dummy plugs for sealing regulator ports.

£144.95

£41.95

Vibration Damper/Crankshaft Pulley Remover - Ford 2.0 EcoBlue

For efficient removal of the vibration damper/pulley installed on the Ford 2.0 EcoBlue (Panther) Diesel engine. The pulley requires removal to gain access to the timing belt cover.

Models: Edge, Focus, Focus Active, Galaxy, Mondeo, S-Max, Tourneo Custom, Transit, Transit Custom

OE Refs: 204-158-01, 205-295

Vertical Transmission Jack, 500kg

This vertical transmission jack, designed for easy, hands-free use with a foot pedal, ensures safety and mobility:

- Operated by foot pedal for hands-free ease.
- Features spring-loaded lowering mechanism.
- Mounted on four steel castors for manoeuvrability.
- Equipped with an overload safety valve for protection.
- Fully tested and certified, with a 500kg capacity.

£159.95

Stock Code. 08556

Engine Crane, 1 Tonne

This 1 Tonne capacity engine crane features efficient lifting and safety:

- Three pre-set jib positions for versatile lifting.
- Single piston hydraulic pump ensures rapid lifting.
- Folding design for optimized storage and easy transport.
- Six robust castor wheels enable safe, effortless mobility.
- Equipped with twin safety overload valves for protection.
- Compatible with various load slings and levellers.

£269.95

Stock Code. 93509

Floor Press, 20 Tonne

This 20-tonne hydraulic floor press features enhanced accuracy and safety:

- Sliding ram allows for adjustable positioning.
- Ram height to table ranges from 28-998mm, accommodating various tasks.
- Glycerine-filled gauge ensures accuracy and durability.
- Anti-kink coils protect the flexible hose, enhancing longevity.
- Equipped with a safety valve to prevent overloading.
- Includes two flat V-shaped blocks for versatility.
- Fully tested and certified for reliability and safe operation.

£499.95

Stock Code. 70540

Trolley Jack, 2.25 Tonne, Blue

This low profile trolley jack, with a 2.25 Tonne capacity, offers efficiency and safety for vehicle lifting:

- Lifts from 75-505mm; twin-piston quick lift for efficiency.
- Low profile design for easy access under vehicles.
- Integrated rubber saddle pad to prevent vehicle damage.
- Equipped with durable nylon wheels and rear swiveling castors for quiet, smooth operation and floor protection.

£139.95

Stock Code. 28465

Trolley Jack, 3 Tonne, Blue

This 3 Tonne capacity low profile trolley jack combines power and safety for vehicle maintenance:

- 75-505mm lifting range; twin-piston pump for quick elevation.
- Low profile design for easy access under vehicles.
- Integrated rubber saddle pad to protect vehicle undersides.
- Features durable nylon wheels with rear swiveling castors for smooth, quiet operation and floor protection.

£164.95

Stock Code. 28481

Gas/Gasless MIG Inverter Multi-Welder Dti, 160A

This compact multi-function welder combines versatility with advanced technology, ideal for various welding processes (MIG/MAG/Flux-cored/MMA/TIG-Lift):

- IGBT Inverter technology for efficient power use and superior performance.
- Synergic wire feed optimizes welding by automatically adjusting wire feed speed.
- Multi-process capability allows for gas and gasless welding.
- Equipped with a digital display for precise control and settings.
- Incorporates the latest digital technology for enhanced performance and precision.

£259.95

Stock Code. 70047

Battery Tester with Printer

This battery tester, designed for comprehensive vehicle battery analysis, includes an integral printer and multi-language support:

- Includes integral printer with 3 rolls for instant result documentation.
- Mini USB connection for remote operation.
- Tests battery, cranking, and charging.
- Offers reverse polarity protection and bad cell detection.
- Works with Lead-acid, AGM, Gel, and EFB batteries.
- Comes with 1M cables and USB lead for flexible use.
- Supports English, French, German, Spanish, Portuguese, and Dutch.

£134.95

Stock Code. 92445

High Frequency Plasma Cutter, 60A

This plasma cutter features high frequency ignition and advanced technology for precise cutting:

- Equipped with IGBT Inverter technology for efficient operation.
- Features an integrated gas regulator for optimal gas flow.
- High frequency pilot arc start ensures stable and smooth cuts.
- Capable of cutting through metals up to a thickness of 15mm, including stainless steel and aluminium.
- Includes thermal overload protection for enhanced durability and safety.
- Its robust, yet lightweight design includes a carry handle for easy portability.

£449.95

Stock Code. 70058

BUNKER
BY DRAPER TOOLS

BUNKER® Multi-Functional Workbench Roller Tool Cabinet, 14 Drawer, 48", Green

This BUNKER® 48" mobile cabinet is a comprehensive storage and workspace solution:

- Features double-sided storage access with 14 drawers, a worktop, and a storage cupboard with a shelf.
- Drawers are equipped with a soft-close mechanism and lined with foam for tool protection.
- Boasts a durable, 25mm-thick hardwood worktop for ample workspace.
- Includes pegboards on side panels for hanging tools, a paper towel holder, and storage space for cans.
- Mounted on four castor wheels for easy movement, two fitted with brakes for stability.
- Secured with an integral lock, supplied with two keys for safety.
- Offers a 10-year warranty, highlighting the quality and durability of the unit.

£1,349.95

5YR LEASE £7.17PW
Stock Code. 08269

Draper Expert Hydraulic Spring Compressor

This Expert Quality hydraulic spring compressor is designed for professional use, offering both safety and versatility:

- Expert Quality for professional workshops.
- Hand-operated hydraulic pump for independent use.
- Exclusive to Draper in the UK/Eire.
- Suits Mercedes and VW Touareg struts without extra adaptors.
- Adjustable for various spring/damper setups.
- Fits many spring types and sizes.
- Fully mobile for on-site use.
- All-steel construction ensures durability.

£1,899.95

5YR LEASE £10.08PW

Draper Expert Air-Fed PAPR Auto Darkening Welding Helmet

This PAPR welding helmet ensures protection and comfort with advanced features:

- Offers electronically controlled airflow at three settings: 150L/min, 180L/min, and 220L/min for customized ventilation.
- Dual mode airflow adjustment with high, medium, and low options, plus an on/off button for easy operation.
- Equipped with alarms for low airflow and low battery to maintain safety and performance.
- Includes a fire-retardant air hose and P3 filter for enhanced respiratory protection.
- Auto-darkening feature activates upon arc detection, with shade levels 4 and 9-13 for various welding tasks.
- Powered by solar cells and a replaceable lithium-ion battery for efficient and sensitive operation.
- Features a comfortable, adjustable headband for a perfect fit, suitable for TIG, MIG, arc welding, and grinding.

£379.95

Stock Code. 02518

Combined MM/AF Socket Set, 3/4" Sq. Dr. (26 Piece)

This Expert Quality socket set offers durability and convenience:

- Expert Quality craftsmanship for professional use.
- Includes 21 MM/AF sockets catering to a wide range of sizes.
- Comes with 5 essential accessories for versatility.
- Made from chrome vanadium steel, hardened and tempered for durability, with a polished finish for corrosion resistance.
- Packed in a robust plastic storage case with a soft grip handle for easy transportation and storage.

£219.95

Stock Code. 16484

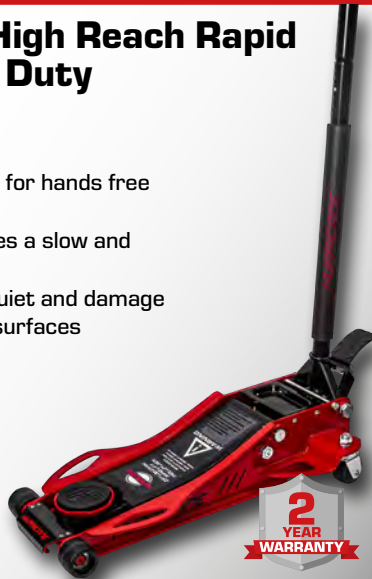

SERENCO

2.5T Low Entry High Reach Rapid Lift Jack - Heavy Duty

- Only 75mm entry height
- 500mm maximum height
- Textured non-slip foot pedal for hands free adjustment
- Safety descent valve ensures a slow and controlled descent
- Nylon wheels for smooth, quiet and damage free movement on various surfaces
- Rubber saddle pad

1000 AMP ULTRASAFE LITHIUM JUMP STARTER

- Lithium starter: 1,000 Amps for up to 20 jumps per charge.
- Safe & foolproof: Spark-proof with reverse polarity protection.
- 100 lumen LED: 7 modes including SOS & strobe.
- Charges devices on-the-go: smartphones, tablets, e-watches - up to 4 phone charges.
- For petrol engines up to 6L and diesel up to 3L: cars, boats, mowers, etc.

£99.95

NOCO Part No. GB40

1500 AMP ULTRASAFE LITHIUM JUMP STARTER

- Lithium starter: 1,500 amps, 30 jumps per charge.
- Safe design: Spark-proof, with reverse polarity protection.
- 200 lumen LED: 7 modes, including SOS.
- Charge devices: Up to 6 phone charges.
- For petrol engines up to 7L & diesel up to 4.5L: Cars, SUVs, boats, ATVs.
- New: Battery temp LED indicators.
- Includes: HD Precision Boost Clamps for 12V batteries.

£149.95

NOCO Part No. GB50

2000 AMP ULTRASAFE LITHIUM JUMP STARTER

- Lithium starter: 2,000 amps, 40 jumps per charge.
- Safe design: Spark-proof, reverse polarity protection.
- 400 lumen LED: 7 modes, including SOS.
- Charge devices: Up to 6 phone charges.
- Powers 12V devices: Inflators, inverters, etc.
- For petrol engines up to 8L & diesel up to 6L: Cars, SUVs, trucks, boats, RVs.

£199.95

NOCO Part No. GB70

3000 AMP ULTRASAFE LITHIUM JUMP STARTER

- Powerful lithium starter: 3,000 amps for up to 80 jumps per charge.
- Safe & foolproof: Spark-proof and reverse polarity protected.
- 500 lumen LED light: 7 modes including SOS & strobe.
- Powers 12V devices: Tyre inflators, inverters, etc.
- Charges devices on-the-go: Smartphones, tablets, e-watches - up to 6 phone charges.
- Suitable for petrol engines up to 9L and diesel up to 7L: Cars, SUVs, trucks, boats, RVs.

£289.95

NOCO Part No. GB150

5-AMP BATTERY CHARGER, BATTERY MAINTAINER, AND BATTERY DESULFATOR

- GENIUS5: More compact and powerful than G3500.
- Versatile for 6V/12V batteries, including lithium-ion.
- Precision charging with ambient temperature sensing.
- Charges batteries from 1-volt; Force Mode for zero volts.
- Easy setup and automatic operation.
- Restores and extends battery life.
- Compatible with a wide array of vehicles.

£79.95

NOCO Part No. GENIUS5

10AMP BATTERY CHARGER, BATTERY MAINTAINER, AND BATTERY DESULFATOR

- For 6V & 12V lead-acid batteries, including flooded, gel, AGM, maintenance-free and lithium-ion.
- Integrated sensor detects the ambient temperature and alters the charge to eliminate over and under-charging.
- Charges batteries as low as 1-volt. New Force Mode allows manual charging of dead batteries down to 0 volts.
- Detects sulfation and acid stratification and restores performance for stronger starts and extends battery life.

£124.95

NOCO Part No. GENIUS10

GO1500T - EV Battery & Transmission Lifting Table 1500kg

£7299.00

5YR LEASE £38.74 PW

- Universal Lifting Table with a load capacity of 1500kg.
- Powered by compressed air.
- Sliding cover, allowing convenient battery installation or removal
- High ground clearance makes it compatible with all workshop cranes on the market.
- Extendable and tiltable top table, by means of a mechanical screw.
- Table top can be moved laterally up to 30mm to allow repositioning under the vehicle.
- Easy to operate and tilt with self explanatory operations.
- The table features holes with M10 thread, which can be used to mount all types of supports or accessories, including special hooks, brackets and protective mats for battery packs.
- Button operated table lowering.
- Rack safety system, when not being operated, the table locks by means of a mechanical anti-lowering safety wedge.

331595V3 - 315' Series Cooling System Pressure Test Kit

£345.95

- Provides an effective solution when pressure testing the cooling system to help locate internal & external leaks. Suitable for modern vehicles with a built-in overflow at the top of the expansion tank.

Includes:

- Hand Pump with Pressure Gauge & Quick-Release fitting
- Hose Assembly c/w quick-release fitting
- 16 x Threaded Cap Adaptors
- 3 x Bayonet Fitting Cap Adaptors
- 1 x Cap Adaptor Wrench

Applications:

- Vauxhall - Adam, Astra J, Cascade, Corsa E, Meriva B, Mokka & Zafira Tourer C
- Saab - 9-5 2010-
- BMW 4.4/4.8/6.0 engines - 5 Series (F07/10/11) 2010- , 6 Series (F06/F12/13) 2011- , 7 Series (F01/02/03) 2009- , X5 (E70) 2008- , X6 (E71/E72) 2008- and BMW i3 2013-
- Mini Models: F54, F55, F56, F57, R50, R52, R53, R56, R57, R58, R59 and R60

92975000 - EV Battery Lifting Hoist

- Max Capacity 1.5T.
- Adjustable between 650mm & 2250mm .
- Works with standard engine crane.
- Includes levelling device for safe lifting.

Note: Photo of GO1500B for demonstration purposes.

£1299.00

5YR LEASE £6.89 PW

GO1504 - M8 Spacer Kit (15pcs)

- Spacers can be used to raise the battery or transmission off the table to allow access to the underneath.
- Allows you to avoid battery contact with the metal table and provide easy access for straps to lift the battery off the table.

£190.00

960400SP - Venom Induction Heater Deluxe Kit

- Generates Invisible Heat® to release corroded and thread locked metal components without the danger of an open flame.

1 KILOWATT INPUT - 1 KILOWATT OUTPUT

Features include:

- **Angled Design with Trigger:** Lightweight, ergonomic design allows for induction heat to access hard to reach places more easily.
- **Coil Twist Lock:** Coils now lock down with one simple turn (no more thumb screws).
- **LED Usage Indicator:** A red LED will light under fault conditions and green LED lights while the trigger is active and the tool is heating properly.
- **Fault Override Delay:** Any event that causes the red LED to illuminate will protect the tool by starting a three second lock out.
- **Fan Operation Enhancements:** The fan continues to run after the trigger is released to aid in thermal cycle time reduction and will stay powered when the thermal switch opens to aid in cooling the tool.
- **User Controlled LED Switch:** As long as the tool is powered and the internal power supply is operating, the LED will remain lit when the switch is on.

Three Year Limited Warranty

£785.00

80062000 - Gear Belt Installation / Removal Tool - EcoBoost

- Special tool to aid in the removal & installation of a gear belt where a torque multiplier is required.

Contents:

- Torque Multiplier 1/2" Sq Drive Input/ 3/4" Drive Output
- Securing bracket & fixing

Applications:

- Ford EcoBoost

£425.00

NEW! Induction Heaters

- Induction heating is a non-contact method that can be used to heat metals. The induction heater creates an alternating magnetic field that generates induced currents within the material. It is these induced currents that generate heat.
- The absence of open flames makes work easier, while ensuring safety and economic savings at the same time.
- It allows you to work in close proximity to heat-sensitive parts.

Heat inducers are ideal for a wide range of applications such as:

- Releasing seized/heavily corroded bolts/nuts
- Remove or replace pins or bearings
- Heating for straightening
- Preheating before welding
- Bending
- Thermal applications

GYSPACK 750

ref 026353
 12V Booster pack suitable for starting cars & small vans
 2500 Amps peak / 1450 Amps cranking current
 Protects vehicle electronics against shortcircuit, over voltage & polarity reversal (alarm)
 Automatic charger allows permanent connection to mains ensuring battery is always fully charged

GYSFLASH 30.12 PL

ref 026070
 Charges all 12V battery types including EFB and AGM Stop/Start plus **Lithium** (LiFePO₄)
 Safe to charge without disconnecting battery from vehicle
 Built in protection for vehicle electronics (short circuit, polarity reversal & anti-spark)
 Provides 30 Amps power when performing diagnostic testing
 Showroom mode for supporting demo vehicles
 Suitable for cars, vans and LCV's (max 375Ah)

GYSFLASH 121.12

ref 027756
 120 Amp Battery Support Unit
 Supplies current on demand to ensure stable vehicle voltage when diagnostic testing, ECU programming, software updates etc.
 Voltage level adjustable in 0.1V increments (12V - 14.8V)
 Smart charge, showroom, battery change modes
 Vehicle manufacturer approved

SUPER PRO EV CHARGER

ref 080676
 Portable charging solution for EV and plug-in Hybrid vehicles (PHEV)
 Move the charger to the car not the car to the charger
 No need for costly fixed-point installations just connect to any 240V (13Amp/16Amp) or 400v three phase socket
 Flexible - can be used anywhere in the workshop or even the car park
 Ideal for garage workshops, car dealerships, body shops & car sales sites
 Supplied with a 5m charging cable fitted with a type 2 plug plus both 13Amp & 16Amp 240V and 32Amp 400v (Three phase) power supply cables
 Charges between 9 - 90miles/hour
 *AC charging rates determined by the vehicle manufacturer

WELDING EQUIPMENT

MIG Ready to Weld Pack

MULTIWELD 200M

ref U66595

200 Amp MIG welder - featuring inverter technology

Ideal for general workshop maintenance (240V)

3 in 1 MIG gas, MIG no gas, MMA (Arc)

Easy to use set up guide matches material thickness to wire speed & power

Inductance control - reduces spatter

Bonus ready to weld pack includes Argon/CO₂ regulator, automatic helmet, gloves & wire

Gasless MIG Ready to Weld Pack

EASYMIG 85

ref 065536

Gasless MIG welder - featuring inverter technology

Ideal for home use (85 Amp from standard 13Amp - 3 pin plug)

Welds up to 2mm

Easy to use set up guide matches material thickness to wire speed & power

Bonus ready to weld pack includes hand shield & gasless wire reel - Just plug in and weld!

Plasma Cutter with Trolley

EASYCUT 25

ref U85543

Features latest inverter technology (240V)

Ideal for cutting mild steel, stainless, aluminium, titanium etc.

Max cut 8mm/Clean cut 6mm (steel)

Quality 4m torch fitted

Supplied complete with trolley

2 Year parts & labour warranty

**MAXI TPMS
MX900TSC
£825 excl. VAT**

The MX900TSC provides you with superior capability of TPMS health checking, sensor programming, TPMS relearn, as well as all system diagnostics and special service functions. It combines the software of the MX900C and ITS600 tools, giving you the ability to program our 433MHz MX sensors and our new gen. bluetooth MX sensors.

Its diagnostic software tool supports ABS, SRS, SAS, BMS, DPF, EPB, Oil Service and TPMS sensor programming functionality, as well as read and clear diagnostic functions for over 70+ manufacturers. A fast go-to tool for undertaking many service functions, it is light weight, has an RockChip Quad Core processor, and is very portable. The MX900TSC is equipped with a 8-inch touch screen with 1024 x 600 resolution and a bluetooth VCI mini for wireless communication with the vehicle. An up-to-date software subscription is required to access DoIP and CAN-FD systems.

2 Years Updates

**Future 12 months Update
£299 excl. VAT**

An up-to-date software subscription is required to access DoIP and CAN-FD systems.

**SGW 12 MONTH
£360 excl. VAT**
(SAP CODE 900011825)

- 12 Months Unlimited FCA
- 12 Months Unlimited Nissan
- 12 Months Unlimited Mercedes Benz
- 40 Tokens for Renault (12month shelf life)

Renewal **REQUIRED** every 12 months

MULTI-PACK

The Software Gateway Multi-Pack is our best value way to purchase manufacturer secure gateways. With just one purchase you will get 12 months **UNLIMITED ACCESS** to the FCA, Nissan and Mercedes Benz secure gateways.

You will also receive 40 tokens for the Renault gateway valid from 12 months of purchase. If all Renault tokens are used in that 12 month period, then its possible to purchase extra Renault tokens separately.

Note: you can only access the secure gateways if you also have a valid software update subscription with your Autel diagnostic tool.

**MAXISYS
906SPROEU
£1,795 excl. VAT**

5YR LEASE £9.53pw

2 Years Updates

The brand new MaxiSYS MS906SPRO EU edition, is our replacement the MS908s. Despite being a lower cost then the MS908s, the MS906SPRO EU has all the software functionality of the MS908S, but also has the extra benefits on being DoIP and CAN-FD compatible! The MS906SPROEU also has some more advanced software functionality that will allow end user to access Autel remote expert (operational Q422). The MS906SPROEU can be further optimised with our ADAS software, making a true replacement for the MS908s.

The MS906SPROEU is excellent for busy workshop tool, or technician, that requires superior coverage and capability, but at a very affordable price that isn't offered by our competitors. It will perform thousands of functions and with new updates being released weekly, we ensure your advanced MaxiSYS is 'best in class'.

- Android 10 OS
- Fast Qualcomm Octa-Core 2.3G + 4*A53 1.7G processor
- Huge 128GB internal memory
- 3 x Ultra fast Wi-Fi connectivity
- 8" 1920 x 1200 high-resolution touch-screen
- 5 MP front camera and 16 MP rear camera
- 11,600mAh Lithium-Polymer Battery
- MaxiVCI V200 wireless Bluetooth vehicle communication interface
- DoIP and CAN-FD compatible.

THE ONLY OFFICIAL UK DISTRIBUTOR OF LAUNCH TECH DIAGNOSTIC AND WORKSHOP EQUIPMENT

ISMARTTOOL 601MAX

This handheld device is designed to be highly portable, with a six-inch touch screen and built-in printer for convenient use on-the-go.

The system covers more than 100 vehicle manufacturers and integrates diagnostics, battery and tyre pressure detection, and 26 special maintenance service functions.

iSmartTool 601Max offers in-car and out-of-car battery inspection functions, as well as TPMS system programming through its intuitive and user-friendly Android 10 operating system, underpinned by a quad-core 2.0Ghz processor and 4GB memory, **plus it covers DoiP and CAN-FD protocols.**

Additionally, the device provides comprehensive tests that include load testing and other diagnostic tests, with results printed or emailed for easy documentation and record-keeping.

iSmartTool 601Max is delivered in a sturdy case with OBD1 connectors for older vehicles.

X-431 EURO LINK **NEW MODEL!**

NEW X-431 Euro Link diagnostic tool with SmartLink remote diagnostics. A breakthrough, next-gen diagnostic device, offering both local, OEM and remote diagnostics in one device.

Passing on all of Launch Tech UK's advantages in diagnostic technology from the X-431 Euro Pro 5, such as wide car model coverage, powerful test functions, accurate test data, plus 23 service functions.

The X-431 Euro Link tool has SmartLink C equipped as standard, supported with Launch Tech's super remote diagnosis system, DoIP, Passthru and HD truck (HD software optional).

This new device is the perfect tool for garages to streamline daily work for the ultimate in efficiency.

FEATURES

- New Cloud-Print – Backup and access to all DTC/ADAS reports online
- New intelligent diagnostic assistance – powered by WalkMe
- More comprehensive Database (electronics + smart Packlagen) – powered by HaynesPro
- 23 Service functions
- 2 Special functions for EV: High Voltage Battery Diagnosis & Motor Angle Calibration
- SmartLink Pay-per-use activation included, ready to connect to any of Launch's service providers

X-431 EURO TAB III

Technicians can now get their hands on a newly developed, high-end vehicle diagnostic tool, the Launch X-431 Euro Tab III, featuring the new Smartlink® C VCI, an advanced module allowing for enhanced communication and functions.

Using the Android 9.0 operating system, Euro Tab III builds on the highly regarded Launch diagnostic technology, offering worldwide vehicle coverage, powerful diagnostics and numerous special functions.

The Euro TAB 111 includes 39 special reset and service functions, it also features the Launch CarSet Electronic and Smart professional databases, seamlessly integrated into the ultimate version of Launch diagnostic software. Advanced coding and online programming are also features.

The SmartLink VCI communicates directly with a vehicle for local diagnostics, and via the Internet using the Launch Super Remote Diagnostic (SRD) platform. This allows a technician to connect remotely with our service provider, who will be able to communicate directly with the vehicle and carry out almost any programming or diagnostic task.

The Euro Tab III includes the Launch professional database fully integrated into the diagnostic software. This will take the user directly from the DTC to a step-by-step testing routine, leading to the fault code solution. The new Tab III comes complete with the Launch O2-1 four-channel oscilloscope, as well as the Launch TSGUN and four TPMS sensors.

EURO TAB III FEATURES

- Intelligent diagnostics for 100+ car brands
- Topology mapping provides visual checking on DTCs and all systems' communication status
- Supports the following automotive communication protocols and standards: CAN / CANFD / DoIP / J2534 / D-PDU / RP1210
- Optional ADAS calibration function
- Advanced coding and programming function
- Diagnoses light, medium & heavy duty vehicles with Smartlink® C
- Wireless software update
- Built-in repair information and training video modules help to track and fix issues fast
- Two-year Launch UK warranty

BLUETECH FEATURES

- 
Flight Recorder
 Perfect for a one-man road test. Select your parameters, hit “Record” and review when back in the workshop. With its 4 GB internal storage capability, enjoy even more space to record all the data you need.
- 
360° Multi-Colour Indicator
 Lets you check the status of the VCI at any time from any angle or position.
- 
Universal
 VCI can be used for cars, light commercial vehicles, trucks, buses, coaches & trailers.
- 
Battery Voltage Monitor
 Don't let a dead vehicle battery stop you working.
- 
WiFi & Bluetooth Connectivity to PC
 Wireless communication providing freedom to work anywhere in the workshop, whilst maintaining a seamless connection to the vehicle.
- 
Integrated DoIP
 No need of any DoIP adaptor cable. With its built-in functionality, the VCI can be plugged directly on DoIP communicating vehicles.
- 
Pass-Thru Support
 Quick and easy access to OEM flash-programming services.
- 
CAN FD Channels
 Future-proof design to make the diagnostic possible on vehicles requiring this data-communication protocol.

6CCD WHEEL ALIGNER

Ravaglioli Wheel Alignment System

A hugely popular and highly accurate RAV 6 camera CCD four wheel alignment machine offering an excellent opportunity to increase your services and revenue stream.

This unit is rich in features and reliable in operation, offering flexible alignment and can be used on 2 post lifts (with optional drop arm) 4 post lifts and floor or pit. The unit is PC controlled with 19" TFT screen, colour printer and easy to read graphics, plus a huge vehicle database that enables you to carry out rapid wheel alignment to the manufacturers specification.

The unit uses Bluetooth communication to the wireless heads which recharge on the storage trolley, thus ensuring there are no trailing cables. The 3 point quick clamps cover wheels up to 24" and have no metal to metal contact, ensuring no damage.

- 6 Camera CCD Technology
- 3 Point Quick Clamps up to 24"
- Use on 2 post, 4 post and scissor lifts
- Wireless Charging
- Low Spoiler Mode
- High Precision Alignment
- Large Vehicle Database
- Remote Control Heads
- Bluetooth Communication

balco NEW velomount™ 3280 + velospin™ 8380P

Since 1984

velomount 3280 Tyre Changer

The velomount 3280 is a super-duty, high-performance tyre changer with 10" to 28" clamping via Centre-Post. The Centre-Post design eliminates any external clamping of the rim, instead securing the rim via cone and shaft arrangement, similar to a wheel balancer.

velospin 8380P Fully Automatic 3D Wheel Balancer with pneumatic clamping

A top of the line wheel balancer, which handles rims up to 30" diameter and guarantees speed, accuracy, and long life. 3D data entry is complimented by an impressive, full-colour TFT display and pneumatic clamping device, which removes the need for a manual locking handle and provides even better balancing accuracy through perfect centering on the cone.

UPGRADE TO 3D AVAILABLE

Contact us for details

velomount™ 3240

An automatic tyre changer ideal for use in busy tyre centres, which will operate on wheels up to 22" (external clamping), and boasting super-automatic operation; meaning the demount head is placed into position by the press of a button, rather than manually via spring.

- 10" to 24" clamping (22" external)
- Heavy duty, high performance structure
- velofit 4 Assist Arm for handling run-flat tyres etc
- Removable pedal box for easy maintenance

velospin™ 2000

A high-performance, Italian designed, 2D Data Input wheel balancer boasting the latest technology, but with an emphasis on simplicity and practicality.

- Handles rims up to 30" diameter
- 2D Data Input (optional upgrade to 3D available)
- Laser guidance for precise weight placement
- LED illumination inside rim for clear visibility
- Foot pedal spindle-lock for ease of weight application
- Automatic stop/start via lifting of wheelguard

All Balco pricing includes delivery, installation, FULL TRAINING & 2 YEAR WARRANTY!

balco i-Lign

Tablet-based operation is becoming more and more popular and with i-Lign from Balco, you can now choose between tablet based 8CCD, or 3D technology.

You are free to take the 'readout' with you anywhere around the vehicle, you are not restricted to a single alignment 'station' and can use the equipment on multiple bays. In general, everything is much more practical with a portable system. i-Lign knocks the ball out of the park when it comes to the functionality, capability and practicality offered up by a tablet-based aligner, and compromises on nothing with its deluxe 3-Point clamps and advanced technology.

i-Lign CCD Wheel Aligner

- Compact, portable trolley houses ALL components, whilst providing 'dock' charging for the measuring heads when not in use
- Tablet operation means the operator can move freely and see live readings
- Can be used on 2 Post lifts
- Automatic look-up of the EXACT vehicle by Reg No makes it super-fast
- 8 CCD technology
- Deluxe, Italian 3-Point Clamps
- 2 Year Warranty

Dama HDM4200N Narrow 2 Post Lift

Based on the successful HDM4200 4.2t 2 post, this narrow version is ideal to fit into small bays, narrow spaces or to replace older smaller lifts. With an outside of post measurement of only 3050mm it is one of the narrowest on the market, but retains the 4T lifting capacity. The adapted arm configuration includes 2 x double and 2 x triple extensions for maximum flexibility.

Features

- 4.2T Capacity
- Small drive over floor frame
- Electro-hydraulic operation
- Electronic locking system
- Twin cylinder & chain system
- Shorter double & triple stage arms
- Available in single or 3 phase
- 2 Year warranty
- Includes 4 x 65mm pad extensions

DL240+ Dunlop Two Post Lift

The Dunlop DL240+ is a solid 4 tonne electro-hydraulic two post lift, suitable for cars and vans (excluding LWB).

Two stage long rear arms and three stage short front arms all fitted with 95mm lifting pads. These key features help this lift to be one of the most versatile on the market.

This lift is electro-hydraulically operated and is available in single or three phase at no extra cost.

- 4 tonne lifting capacity
- Electro-hydraulic Operation
- Overall Width: 3567mm
- Distance Between Posts: 2800mm
- 40 seconds lifting and lowering time
- Minimum Height: 95mm (Screw adjustable)
- Maximum Height: 1940mm
- Front min/max arm length 645mm/1300mm
- Rear min/max arm length 850mm/1400mm

H8935MG/1 Bradbury Fixed or Mobile Scissor Lift

The Bradbury H8935MG/1 is our newest addition! An electro-hydraulic mobile, short-rise scissor lift with a 3.5t capacity. This lift features mechanical synchronisation through cross-bars, sturdy scissor construction for high directional stability and tear plate ramps for easy drive on.

The double hydraulic system with two cylinders under each scissor system means no compressed air and no safety ratchet needed!

- Platform Length: 1420mm - 2050mm
- Distance Between Platforms: 900mm
- Platform Width: 525mm
- 16 Seconds lifting/lowering time
- 2.2KW Pump unit
- Working Height: 995mm + rubber pads
- Minimum Height: 105mm
- Maximum Height: 995mm
- Mobile kit and rubber blocks included
- 1 Phase – 20a Isolator Required

2 YEAR WARRANTY*

H2411/3G Bradbury 4 Tonne 2 Post Lift

The Bradbury H241G series is a good quality, 4-tonne, electro-hydraulic lift with an overhead gantry, leaving the floor completely clear – ideal for moving transmission jacks or oil drainers under the suspended vehicle.

Available as an option is a high gantry extension kit (H2411/3HGEXTENSION), making the lift suitable for taller vehicles in addition to cars and vans up to MWB.

Available in both 1 Phase or 3 Phase, this is a great choice for most workshops!

- 4 tonne lifting capacity
- 95mm minimum height
- 1980mm lifting height
- Baseless with overhead gantry
- Electro-hydraulic operation
- 2415 - 2665mm drive through width
- 50 seconds lifting / lowering time
- 600mm/1250mm arm length min-max
- 3kW motor size
- 3 phase or 1 phase

Available with High Gantry Extension Kit
